86 & 88 CONGRESS ST.

Troy, N.Y.

TROY STREET DIRECTORY.

Giving the name of each street, and showing what other streets and places run from it or across it, with the number at which they intersect.

SESSIONS.

The School year is forty weeks or four quarters of ten weeks each. Commencing with the third Wednesday in September, closing with the last Wednesday in June. The only vacation is during the Christmas holidays.

The success which has attended the efforts of the trustees of the Seminary to maintain a day school of the first-class in Troy is assured. The patronage of our citizens is generous, and the scholarship and progress of the pupils satisfactory.

The Institution has recently been more completely equipped for instruction in the physical sciences and classes in primary branches have been arranged, which offer unusual advantages for young children.

It is confidently asserted that pupils residing at their own homes in Troy, have at the Seminary, means of advanced education equalled by only a few of the best boarding schools and colleges for young ladies in the country.

The School thus affords to the citizens of Troy unexcelled facilities for the thorough and economical education of their daughters, while surrounded by home influence and parental care.

An investigation of the merits of the school is respectfully invited.

This Company owns the entire water power of the Mohawk River at Cohoes, embracing the celebrated Cohoes Falls. Aggregate fall, one hundred and twenty feet, giving nearly ten thousand horse power. The Company's gate house and dam are among the finest structures of the kind in the United States.

The canals are so constructed as to give a succession of falls from one canal to another, varying in height from twelve to twenty-five feet. The power is leased by the Company, with land for factory building, in perpetuity, at an annual rental of about twenty dollars per horse-power, and considering the quality, is the cheapest in the country. It is an unfailing power; and during the past few years, while most of the water powers in the country have failed for a time, Cohoes has had an abundant supply, without one minute's stoppage. About one-third of this magnificent power is unappropriated, and appurtenant thereto are some of the finest factory sites to be found anywhere.

Cohoes is situated at the confluence of the Mohawk and Hudson Rivers, about four miles from Troy and ten from Albany, and is eligibly located with reference to New York and other markets, and possesses superior advantages for transportation to market, either by river, canal or railroad, having two canals and two railroads running through it. It is a thriving young city of nearly twenty thousand inhabitants, and contains some of the finest cotton and other factories in the United States.

11th YEAR.

ESTABLISHED 1882.

INCORPORATED 1885.

THE INDICATOR is issued monthly, ***PRICE $2.00 PER ANNUM,*** contains matters of particular interest to all Insurance Companies, Agents and Brokers of Life, Fire, Marine, Accident and Plate Glass Insurance, Real Estate Agents, Banks, Loaning Offices, Book-keepers, Clerks, Capitalists, Lawyers, Physicians, Manufacturers and Business Men. It contains from time to time special articles from the pens of some of the ablest writers in the country on insurance matters, which alone are worth more than the subscription price; gives list of fires, amount of losses, the companies writing on the risks destroyed, etc.

"The Indicator" wages an unrelenting war on "underground ers," "wild cats," and all "shady" proceedings. Every wide awake Insurance Agent should take it. Every business man should take it. Price $2.00 per year.

One subscriber writes as follows, viz.:

"THE INDICATOR saved one of my patrons $3,000 and put over $100 extra commissions in my pocket; you may continue it indefinitely."

Another subscriber (a prominent banker and large property owner) writes:

"You may send me THE INDICATOR for another year. I would not be without it for five times its price. It has warned me *in time* of many unreliable companies. I think property owners should pay more attention to the class of companies their property is insured in, and keep posted concerning the companies whose policies they hold. Whenever I place any insurance I always try to secure the policies of the companies whose advertisements appear in THE INDICATOR, for I know *they* are reliable."

The aim of "The Indicator" is to uphold the genuine and expose and fight the shams of all kinds in insurance. Every agent representing an insurance company doing a legitimate, lawful business should subscribe for it. Address,

From the TRIBUNE, Detroit, Mich., Nov. 29th, 1891.

F. H. Leavenworth Publishing Co.

This publishing house has its business offices and editorial rooms on the top floor of the McGraw Building. It makes a specialty of various insurance publications which find their way into every state and territory of the United States and throughout Canada. The publications of this firm have a national reputation among insurance agents as being honest and correct in every particular. Chief among these publications is the Indicator, a national journal of insurance, which will soon begin its eleventh year. The Indicator has regular subscribers in every state and territory in the union. The agents all like the paper, take it, read it, and pay for it. The well-known reliability of the Indicator and the care exercised by its editors to verify everything before printing has earned for the paper an enviable reputation for truthfulness, until it has become a well-known phrase among insurance agents throughout the country that "If you read it in the Indicator, it is so." The Indicator is issued the first of each month and can be had for the exceedingly low price of $2 per year. When asked why the company did not charge a higher subscription price, Mr. Leavenworth replied: "We would much prefer to have several thousand subscribers that cheerfully pay $2 per year each for the Indicator than to have only a few hundred that begrudgingly pay $4 or $5 per year." This firm also publishes the Pocket Chart of Co-operative Life, Accident and Fraternal Associations, which has now reached the seventh year of publication, and the Indicator's Pocket Chart of Regular, Legal Reserve Life Insurance Companies. Both of these charts are issued each year, with figures for the five years ending Dec. 31 preceding. Other publications issued by this firm are charts of both fire and life business in Michigan, both of which are used quite largely by insurance agents throughout the state; the Indicator's Combined Expiration Register and Line Book for Fire Underwriters; the Life Agents' Tickler and Insurance Record for Life Insurance Agents, besides various other publications, which our space will not permit us to mention at this time.

Every new subscriber to THE INDICATOR gets a $1.00 book free, provided they write at once, and say where they saw this advertisement. Address,

Has opened a new department in Industrial Insurance. Special Adult Policies for Five Hundred Dollars, with immediate benefit. Paid-up insurance, cash surrender values, Incontestable clause, Dividend additions.

OF ALL THE COMPANIES DOING AN INDUSTRIAL BUSINESS

THE JOHN HANCOCK

These policies like all other John Hancock policies will be in

for one-quarter of five hundred dollars for the first six months; for the second six months for one-half of the amount of the policy. After one year from date the policy will be in benefit for its full amount. In addition to this privilege every policy will have a

PAID-UP VALUE

after payment of premiums for two full years, the amount of which will be plainly stated in the Contract, so that there can be no chance for misunderstanding. The paid-up values will be payable at death, whenever that event occurs. Still another privilege, and one which has never been granted by any company except the John Hancock, is a provision for a

CASH SURRENDER VALUE

on any anniversary, after payment of premiums for two or more years. These values will be paid on proper surrender of the policy by the person insured and the beneficiary. After three years from date of issue, all policies in this class will be

INCONTESTABLE,

the Company only reserving the right to adjust the amount, in the event of their having been an error in the age. These privileges make this Special Industrial Policy of the John Hancock the most liberal policy ever issued by any company where premiums are payable weekly. It is practically a

SAVINGS BANK POLICY,

as it has a constantly increasing cash surrender value which is available on any anniversary, should the insured be overtaken by misfortune and find himself unable to continue his insurance. All claims will be paid within twenty-four hours after receipt of satisfactory proof at the Home Office.

DIVIDEND ADDITIONS.

At the end of each 5 years, if all the weekly premiums have been paid, a dividend will be declared, based on the profits from this class of business, and will be applied to increase the amount of the policy.

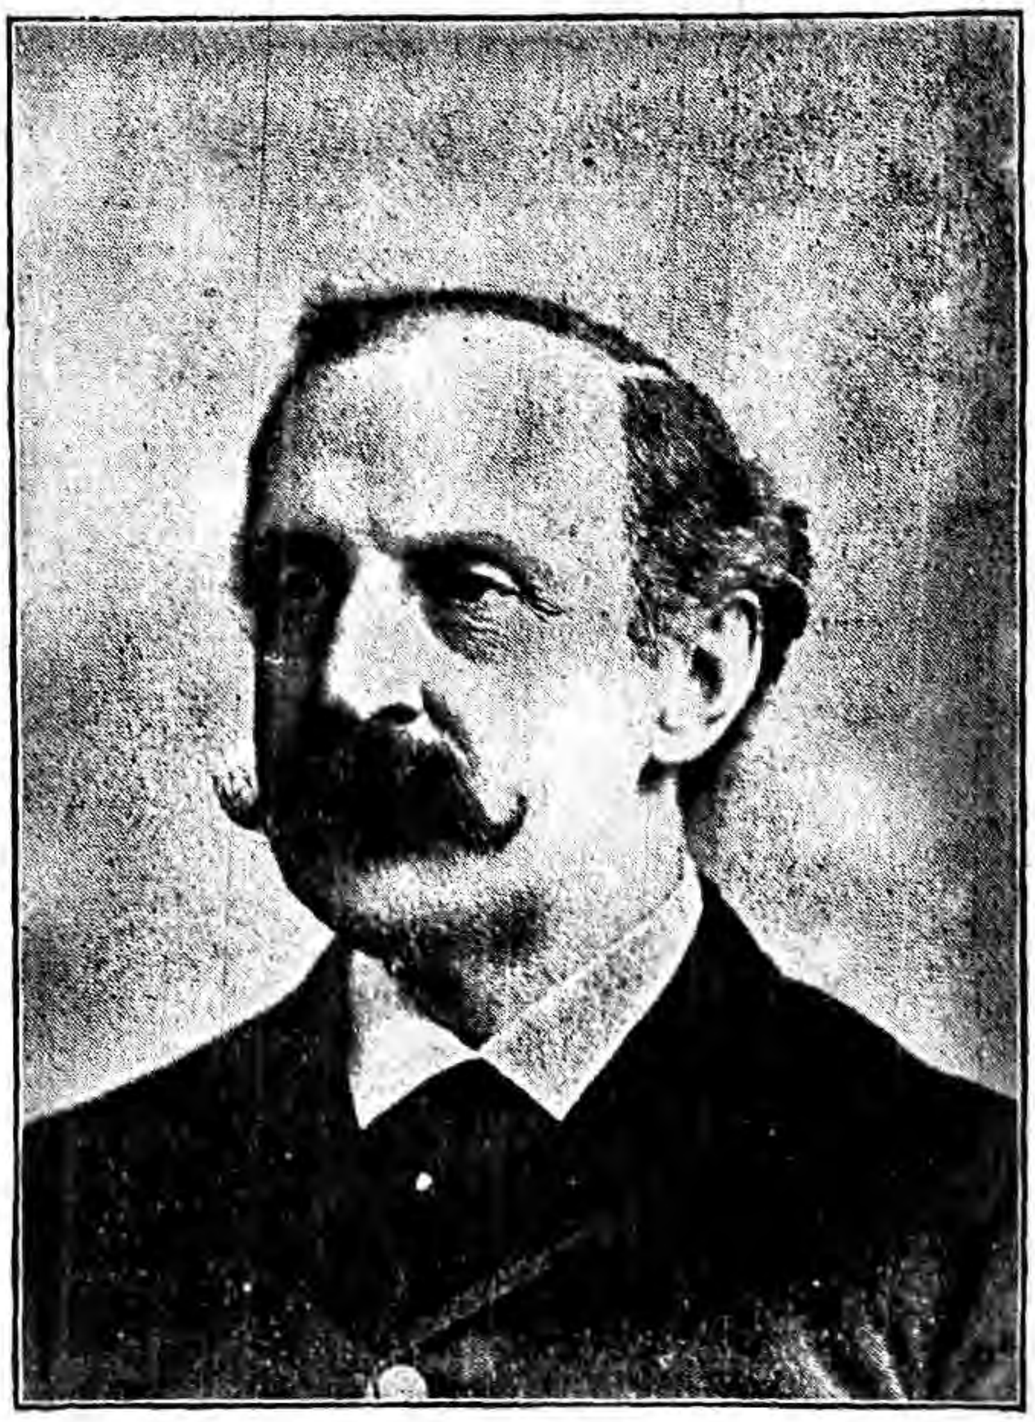
WM. H. FREAR'S
TROY CASH BAZAAR.



Largest and Leading Dry Goods House of Northern New York.

Each year increases its popularity, so much so that the sales for April, 1892, exceed those of April 1891, by $27,000. "Why is it that Frear's Bazaar is so popular?" Simply because Mr. Frear uses every possible means to make it so. He pays spot cash for all goods purchased. He buys in immense quantities, thereby he is enabled to get the very lowest prices and the best possible discounts. The benefit of all this his customers have come to understand they themselves derive. He employs a corps of over 300 of the most obliging clerks obtainable. He is very careful in selecting his goods to get the very latest that the foreign and domestic markets afford, so that when visiting the Troy Bazaar, you are sure of getting the very latest styles, the very lowest prices and the most courteous attention. "One price, and no deviation, no misrepresentation, prices and perfect satisfaction guaranteed; goods exchanged or money cheerfully refunded," has ever been the motto at

FREAR'S TROY CASH BAZAAR.

CO-OPERATIVE BUILDING BANK.

Authorized Capital, $100,000,000.

HON. JAMES W. HYATT, PRESIDENT, (Late Treasurer of the United States.)

H. W. BRUCE, Local Secretary, - - No. 1 MUTUAL BANK BUILDING.

This Bank is established for the purpose of advancing money to its members, repayable by installments to enable them to purchase **Homes**. A secondary object is to afford facilities for safe and profitable investment. Its loans are only made upon **Rentable Home Property**. Its mortgages are not negotiable. The profits of the Bank are apportioned equitably among **all** its shareholders. No shareholder is required to suffer loss in order that some other shareholder may reap a larger gain. The books of the Bank are always open for inspection by committees appointed by Local Boards of Directors. It is under the supervision of the State Bank Examiner. It is required by law to make annual reports of its business to the Banking Department. It does not speculate in any way. It loans only to its members, and ordinarily requires from them a membership of 13 weeks prior to granting a loan.

Prepaid Stock, $51 per share, pays 6 per cent. interest.

Accumulating Stock, $51 per share, matures in 5½ years.
